

PPWR QUICK CHECK

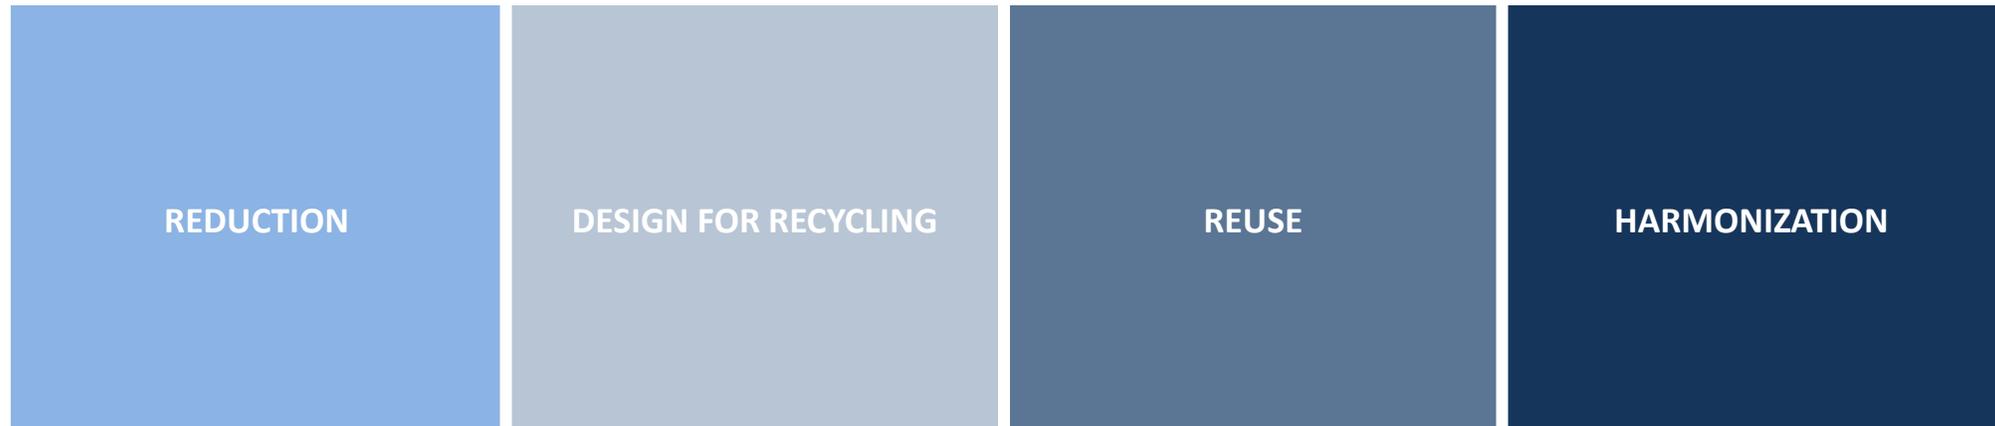

Your status assessment and the first step towards
PPWR compliance!

*We will explain the next steps and outline the necessary actions you
need to take now !*

PPWR – The EU Regulation Driving Packaging Transformation

The latest PPWR requirements drive the packaging industry to rethink its approach and take action. Businesses must guarantee that their packaging follows circular principles and that their organization aligns with all regulatory standards.

OBJECTIVES OF THE PPWR

The **PPWR Quick Check** is the optimal solution for companies that want to quickly and efficiently gain clarity about their current compliance situation.
